Michelham Priory in East Sussex

Information

The Tudor period in England lasted for 118 years. The most famous ruler in that time was King Henry VIII who ruled for 38 years. Henry VIII was famous for having had 6 different wives during his life.

Henry VIII fell out with the Roman Catholic Church when he wanted to divorce his first wife, and he split away from it to form the Church of England, of which he became the head.

During the dissolution of the monasteries, King Henry VIII took away the land and money that the nuns and monks of the Roman Catholic church owned. Michelham Priory in Sussex was seized by Henry's men in 1537 and given to Thomas Cromwell.
