

# Geography Knowledge Organiser

## Changing Ages

## Year 3

### Our learning

In our geography lessons this term we will learn about why people **settle** in **certain places**.

We will think about what **natural resources** are available in the **environment**.

We will learn about different types of **settlements** and find examples of them.

### Information

A **settlement** is a place where people come together to live.

There are different types of settlements

**Natural resources** can be important when people are deciding where to live.

Some settlements have a special use, such as a **tourist resort**.

hamlet

city
