

# Art & D.T at Oakwood

## Curriculum Materials:

Our curriculum is based upon:  
The Aurora Curriculum

## Curriculum Time:

We alternate between art and D.T sessions on a half-termly basis. We dedicate approximately one afternoon session each week in each class to deliver our art & D.T curriculums.

## Art & Design Technology Overview

Children record their journeys through the art and design technology units in their personal books. Both subjects develop a rich foundation of vocabulary, knowledge and skills. These are progressive and build year on year. Pupils are encouraged to take risks, exploring new ideas and techniques. Significant artists and designers are studied throughout the curriculum. Our design technology curriculum develops concepts of 'creativity and imagination', 'problem solving' and 'innovation'.
